

Congress fees

Students (International)	\$100
Faculty/Researcher (International)	\$150
Industry (International)	\$499
Students (India)	Rs. 4000
Faculty/Researcher (India)	Rs. 8000
Industry (India)	Rs. 20,000

FABA members receive a 15% discount across all categories

The registration fee includes the abstract book, Participation Certificate, lunch & tea/coffee on conference days, and entry to the Genome Valley visit.

Payment Details:

Payments may be made by bank transfer / UPI / NEFT (for Indian participants) or international wire transfer (for overseas participants): Account Name: Federation of Asian Biotech Associations

- **Bank:** Indian Overseas Bank, Rajbhavan Road Branch, Hyderabad
- **Account No.:** 118001000010387
- **IFSC Code:** IOBA0001180
- **UPI ID:** federationofasianbiotec@iob

International participants may contact info@biofaba.org.in for wire transfer (SWIFT) details.

Publication Opportunity:

Selected papers presented at AABC 2026 will be considered for fast-track publication in a special issue of the Journal of Genetic Engineering and Biotechnology (Elsevier), subject to the journal's peer review process. Elsevier has further generously offered ten (10) complimentary publications (with Article Processing Charges waived) as awards for the best oral and poster presentations.

Participation Opportunities:

Oral Presentation: 20 minutes for individual talks, followed by a 5-minute Q&A. Short Oral / Flash Presentation: for young scientists and early-career researchers. Poster Presentation: engage with attendees face-to-face; posters should be no larger than A0. Virtual Presentation: for those unable to attend in person, a certificate of presentation and digital book of abstracts will be provided

Abstracts must include title, author name(s) in full with affiliation(s), a 200–250 word abstract in English, and the contact person's name and email address.

AABC 2026

Arab Asian Biotechnology Congress 2026

Partnership and Cross-Border Research Shaping the Future of Global Biotechnology

19–21 November 2026

Hyderabad, India

Congress Chairman

Prof. Mahmoud Sakr

VP, Benha National University for Innovation
Former President of the Academy of
Scientific Research and Technology (ASRT),
Egypt, Founding President, FABA Egypt
Chapter; Chairman of the BOD (ASGEB)

Honorary Chairman

Prof. Pallu Reddanna

Senior Professor (Rtd.), SLS, Univ.
of Hyderabad;
Executive President, FABA

Prof. Yang Mooi Lim

President, FABA
Head of Program for Postgraduate Degree
Programmes, Faculty of Medicine and Health
Sciences, UTAR

Dr. Asadulghani

Founding President, Bangladesh Chapter;
Head, Biosafety & BSL3 Laboratory;
ICDDR – Bangladesh

Prof. Nabila Abdel Maksoud

Deputy of BOD Chairman ASGEB,
National Research Center, Egypt

Submit now:

Registration Deadline: **15 October 2026**

Abstract Deadline: **15 October 2026**

Full-length paper submission: **20 October 2026**

Notification of acceptance: **10 November 2026**

About AABC

The Arab Asian Biotechnology Congress (AABC) is an annual international platform launched to strengthen scientific collaboration, innovation partnerships, and technology transfer between Asia and the Arab region. The inaugural edition of AABC was successfully hosted by Bibliotheca Alexandrina in Alexandria, Egypt, in 2025, bringing together leading scientists, policymakers, and biotechnology innovators from both regions, as well as from Europe, the USA, and Canada, and establishing a foundation for long-term Asia-Arab cooperation in biotechnology.

**Arab-Asia
cooperation in
biotechnology**

**Academia
Industry
Partnerships**

**Innovation &
Technology
Transfer**

**Global Network
for sustainable
Solutions**

The 2nd edition of the AABC (AABC 2026) is jointly organized by the Federation of Asian Biotech Associations (FABA) and the Arab Society for Genetic Engineering and Biotechnology (ASGEB), in collaboration with the Arab League, National Research Centre (NRC) Egypt, Academy of Scientific Research and Technology (ASRT), Egypt, Bibliotheca Alexandrina, Egypt, Al-Ahliyya Amman University, Jordan, and Center for Converging Science and Emerging Technologies (CoSET), Benha National University, Egypt.

Program Highlights

The congress will feature a dynamic program including:

**Keynote Lectures
by Global Experts**

**Plenary Sessions,
Parallel Thematic Sessions
& Panel Discussions**

**Genome Valley
Visit (Day 1)**

**Poster Sessions &
Short Oral /
Flash Presentations
by Young Scientists**

**Biotechnology Startup &
Industry Showcase**

**Industry Matchmaking -
Round tables &
One-to-one meetings**

**Networking
Opportunities**

Key Thematic Areas

The congress will focus on several interdisciplinary themes, including:

**Genome
editing and
CRISPR
technologies**

**Bioinformatics,
computational
biology &
AI-driven
biotechnology**

**Drug
Discovery
&
Development**

**Medical &
Pharmaceutical
Biotechnology**

**Precision
medicine &
genomics-based
therapies**

**Cell
&
Gene
therapy**

**Agricultural
Biotechnology &
Climate
Change**

**Industrial
&
Environmental
Biotechnology**

Under the Patronage of

Prof. Abdel Aziz Qansouh

Minister of Higher Education and
Scientific Research

Prof. Mamdouh Moawad

President of the National
Research Centre and Acting
President, Academy of
Scientific Research and
Technology (ASRT), Egypt

Prof. Tamer Samir

President of Benha National
University
